The **LeadingAge Leaders of Color Network** is a professional networking group for senior, mid-level, and emerging leaders of color and allies in LeadingAge member organizations. The network is designed to support and facilitate career advancement in the field of aging services. It serves as a sounding board for members to share race-related challenges and as a forum where members can exchange resources and ideas and hear experts discuss topics reflecting the expressed needs and interests of people of color within the LTSS field. Join the network at LeadingAge.org/networks.
