

A photograph of two women walking outdoors in a park-like setting. The woman on the left is Black with a short haircut, wearing a light-colored sweater. The woman on the right is White with long hair, wearing a white blouse. They are both smiling and looking at each other. The background is a soft-focus green landscape.

CARE FULLY

Put yourself first.

**Care fully by keeping yourself and those
you care for healthy. Get the facts on
COVID-19 vaccines and boosters.**

7

Things you need to know about **COVID-19 vaccines.**

- 1 You will not get COVID-19 or any of its variants from the COVID-19 booster or COVID-19 vaccines.
- 2 Even if you've had COVID-19, getting vaccinated can offer added protection.
- 3 Researchers made sure that the clinical trials included adults of diverse backgrounds, races, ethnicities, and geographic areas.
- 4 If you are immunocompromised, speak with your health care provider about getting a COVID-19 vaccine and boosters to reduce your risk for severe illness from COVID-19.
- 5 You can find a COVID-19 vaccination provider by visiting [GetVaccineAnswers.org](https://www.getvaccineanswers.org).
- 6 Staying up to date on COVID-19 vaccines will keep most people from getting sick or seriously ill, even if you've had COVID-19.
- 7 Getting vaccinated protects you, those you care for, your family, and the most vulnerable.
