

Leveraging Technology during Covid-19

Presenters:

Scott Code, Senior Director, LeadingAge CAST

Why Technology During Covid-19?

Access to HealthCare--Telehealth

Source: <https://www.bettermedicarealliance.org/>

Real-Time Interactive (Synchronous) Telehealth

Store-and-Forward (Asynchronous) Telehealth

Potential Uses

Patient Education and Self-Management

Pre- and Post-Acute Management of Chronic Conditions

Post-Acute Patient Stabilization

Long-Distance Routine Check-Ups/Treatment

Specific Teleconsult (e.g., psychiatry, dietary, respiratory therapy)

Additional Telehealth Benefits During the Pandemic

Prevention

Access

Supplementing Clinical Staff

Emergency Triage

Conserving the use of Personal
Protective Equipment (PPE)

Advice

Independent Living

- Make sure your residents know about these flexibilities
- Encourage them to take advantage of these option to access health services safely
- May need to help/ support residents with Internet connectivity, if you provide it

Skilled Nursing and Assisted Living

- Explore telehealth options with Healthcare Partners (Physician and Hospitals)
- Make sure you have the HIPAA-Compliant, FDA-Cleared/Listed equipment and applications compatible with the distant provider's platform, and appropriate connectivity and bandwidth needs

Home Health & Hospice

- Explore FDA-Cleared/Listed Remote Patient Monitoring (RPM)
- Explore HIPAA-Compliant Mobile Point of Care devices for staff
- Explore partnership with Physicians on Chronic Care Management and Palliative Care

Access to Social Interactions: Social Connectedness/Engagement Technology

- **Social Connectedness Technologies:**

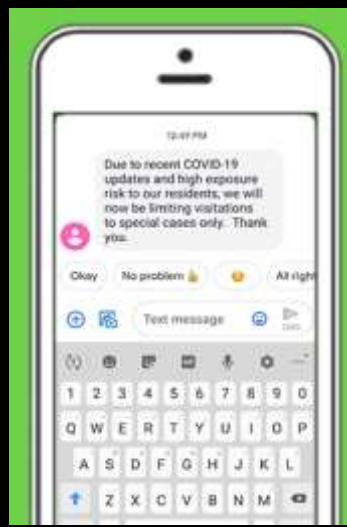

- Social Networks
- Video Chat
- Audio Chat
- Picture Sharing
- Photo Sharing
- Text Chat
- E-Mail

- **Social Engagement Technologies:**

- Life Stories
- Community Activity and Event Management
- Exercises, Mental Exercises, and Games
- Music
- Facilitated Communications and Conversations
- Companion App or Robot
- Virtual Reality

Leverage What You May Already Have...

Video Chat Options

zoom

Google Meet

Virtual Group Video Chat Classes

For more information: www.SelfHelp.net

Virtual Class Examples

- Music Appreciation
- Reminiscence
- Armchair Yoga
- Trivia
- Virtual Museum Tour
- Brain Games
- Poetry
- Current Events

Social Media

The logo for Facebook Live, featuring the word "facebook" in white lowercase letters on a blue background, with a red rectangular box containing the word "LIVE" in white uppercase letters positioned below the end of the word "facebook".

Temp Check/Screening Technology

Temp Check/Screening Technology

- Important Things to Consider
 - Thermal Imaging/ Non-contact temperature is not always accurate
 - People may be infected/ infectious, but pre-symptomatic or asymptomatic. It is important to do more testing and infection control
 - Adding additional screening questions to login (travel history, testing, type of testing, test results, contact info (for contact tracing), etc.)
 - Touchless option and/or Disinfecting Screens/Surfaces automation/ procedure between uses
 - It's screening, not a diagnostic test. It's not perfect!

care.coach http://www.care.coach/	No	Yes	No	Yes	Yes	No	No	No	24x7 Companion Avatar
Caremerge http://www.caremerge.com	Both	No	No	Yes	Yes	Yes	Yes	Yes	N/A
Connected Living Mobile App https://app.connectedliving.com/	Both	No	Yes	Yes	Yes	No	Yes	Yes	1 to Many Messaging

Online Selection Tool/Matrix Demo

CAST Social Connectedness and Engagement Technology Selection Tool

Thank you for using the CAST Social Connectedness and Engagement Technology Selection Tool. This tool will be most useful after you have read our [Social Connectedness and Engagement Technology Whitepaper](#) to understand the planning and requirements identification process.

We highly recommend convening a multidisciplinary team to define requirements for your organization's Social Connectedness and Engagement program.

Once you have defined such requirements, this tool can help you learn which of the reviewed Social Connectedness and Engagement products might meet your needs. If you receive no results, consider excluding less important requirements to broaden the possibilities.

Our [Social Connectedness and Engagement Technology Matrix](#) provides a detailed review of available products and the functionalities they offer that allows you to drill down on the products shortlisted using this tool.

Please note that the more checkboxes selected, the less results you will receive as the search tool will return products that meet ALL checked criteria. If you receive no or very few results, consider unselecting and excluding less important requirements to broaden the possibilities.

If you have a [MyLeadingAge.org account](#), we strongly recommend [logging in BEFORE USING THE TOOL](#).

Business Line/Care Applicability

I need a social connectedness and engagement system for:

- | | |
|--|--|
| <input type="checkbox"/> Physicians' Offices | <input type="checkbox"/> Long-term Acute Care Hospitals |
| <input type="checkbox"/> Emergency Department | <input type="checkbox"/> Long-term Care Rehab Facilities |
| <input type="checkbox"/> Hospitals | <input type="checkbox"/> Skilled Nursing Facilities |
| <input type="checkbox"/> Attending LTPAC Physician | <input type="checkbox"/> Intermediate Care Facilities |
| <input type="checkbox"/> Housing with Services | <input type="checkbox"/> Memory Care Facility |
| <input type="checkbox"/> Home Health/Home Care | <input type="checkbox"/> Intellectual Disabilities/Mental Retardation/Developmental Disabilities (ID/MR/DD) Facilities |
| <input type="checkbox"/> Hospice | <input type="checkbox"/> Continuing Care Retirement Communities (CCRC) |
| <input type="checkbox"/> Adult Day Care/Senior Centers | <input type="checkbox"/> Program of All-Inclusive Care for the Elderly (PACE) |
| <input type="checkbox"/> Assisted Living Facilities | <input type="checkbox"/> Accountable Care Organizations (ACO)/Integrated Delivery Networks (IDN) |
| <input type="checkbox"/> Acute Rehab Facilities | <input type="checkbox"/> Multiple Site Integration |

Social Circle

I need the system to connect or engage:

- Users-to-Peer(s)
- User-to-Family
- User to Professional Caregiver
- Facilitator-Mediated
